

Dandige Vijay Kumar Python Full Stack Developer

✉ dandigevijaykumer@gmail.com | ☎ +919347480776 | [LinkedIn](#) | [GitHub](#) | Hyderabad, India

EDUCATION

B.TECH

MNR College of Engineering and Technology

2021 – 2025 **CGPA: 6.28**

Computer Science And Engineering

Sangareddy

INTERMEDIATE

Govt jr College (Boys)

2019 – 2021 **Percentage: 75%**

Automobile Engineering Technology

Medak

SSC

Sri Chaitanya vidyalayam

2013 – 2014 **GPA: 4.2**

Medak

SKILLS

Programming Languages: Python, HTML5, CSS3

Tools & Platforms: VS Code, Microsoft Office (Word, Excel, PowerPoint)

Basic Concepts: Object-Oriented Programming (OOP), Data Structures, Responsive Web Design, Full Stack Web Development

PROJECTS / OPEN-SOURCE

➤ Blood Group Detection Using Image Processing and Fingerprint

- Developed a system to detect human blood groups using fingerprint analysis and image processing techniques.
- Applied image preprocessing, feature extraction, and pattern recognition methods.
- Integrated biometric fingerprint data with machine learning algorithms for classification.
- Improved accuracy and efficiency by 85% compared to traditional testing methods.
- Technologies: Python, OpenCV, NumPy, Scikit-learn, Machine Learning

➤ Campus Abnormal Behavior Recognition with Temporal Segment Transformers

- Developed an AI-based abnormal behavior detection system using Python.
 - Utilized TensorFlow and OpenCV for real-time video processing and activity recognition.
 - Implemented Temporal Segment Transformer models to analyze human behavior patterns.
 - Improved monitoring efficiency by 40% through automated detection.
 - Technologies Used: Python, TensorFlow, OpenCV, Machine Learning
-

TRAINING & INTERNSHIPS

Python Full Stack Development Training – PySpiders

FEB 2026 – Present

Currently undergoing training in Python Full Stack Development, covering Python, HTML, CSS . Building responsive web pages and gaining hands-on experience in programming concepts, front-end development, and web application fundamentals.

HONORS & AWARDS

- P.G. Diploma in Computer Application (PGDCA) – Cenza Softech Computer Education [!\[\]\(105208e6486d19e1766ddf04ff731abb_img.jpg\)](#)
- AWS Solutions Architecture Job Simulation Certificate – AWS & Forage [!\[\]\(aae888459b56c76917625a1c81f2a75e_img.jpg\)](#)
- Learn PHP – For Beginners Certificate – Udemy [!\[\]\(105a3962e281b9993a25ef5e3e37e03a_img.jpg\)](#)
- Foundations of Cybersecurity Certificate – Google via Coursera [!\[\]\(b75581f30613d55a9b59c1f10a1f416d_img.jpg\)](#)
